

Business Managers Report for October 2025

Members available for work: Plumbers-13, Fitters-6, Apprentices-21, HVAC-0

Members Traveled Out- 28

The month of September we had 56 dispatched out, we currently have open calls for HVAC techs, Chiller Mechanics & Tig welders. Aecon & H&R have been picking up for the Toyota project. Brandt has been picking up for the fab shop, and DSI has picked up for the UHS project.

Call outs are expected to be picking up going into the 4th quarter of this year according to the projections that the contractors have shared with us, please be sure that your plumbing licenses and certs are up to date.

We will be having an industry board meeting on October 22nd with the contractors, the topic of absenteeism will be discussed, please be sure we communicate out on the job sites that unexcused absences are not acceptable.

I will be attending the 2025 Local union officer seminar and UA-MCAA Labor Relations Conference in Nevada October 7th-9th. I will bring back a report to share with our members.

There is a new feature added to the website, you are now available to sign up for med gas & plumbing continuing Ed. on the www.local142 website, you can still call the training department as well to sign up for continuing ed.

Fraternally,

Trino Baltazar
Business Manager
